## Repercussions

---

Repatriate your soul,  
Erasing flesh wounds.  
Perpetual madness  
Envelopes my heart,  
Reminiscing on time's  
Curse. Your freedom  
Underestimates  
Salvation's dance with  
Sin. Healing manifests  
Illusions.  
Oblivious to my pain, death  
Negotiates the price of your  
Soul.

## Reunited

---

I tripped over your corpse  
chasing shadows. Unaware,  
your soul levitated,  
blade in hand, attempting  
to sever our ties forever.

But with one slice  
you did the opposite -  
reuniting us in death.

# Pillage

---

My carcass bleeds.  
Iniquitous ink  
spreads across the sky.  
You steal from time  
disguising my pain  
rewriting hidden messages.  
My eyes harbor angst  
while you pillage.

## Lilac and Ginger

---

Lilac and ginger,  
ice and fire -  
trapped between the two,  
I dare to escape  
this oblivion.  
My heart split  
in opposite directions,  
my pain traverses  
along love's floor  
begging your bitter vines  
to untangle me.  
But I remain engulfed  
by your fire, frozen  
in your ice. Your fragrance  
still lingers -  
lilac and ginger.
